Subject: RE: SoCalGas Emergency Motion to File Under Seal and Motion for a Protective Order (Not in a Proceeding)
Date: Monday, April 06, 2020 10:34:00 AM

Commission Staff, including California Public Advocates, has statutory rights to inspect the accounts, books, papers, and documents of any public utility at any time. Further, Public Utilities Code section 309.5(e) allows California Public Advocates Office to compel the production or disclosure of any information if there are any objections to any request for information. This code section does not provide such relief to regulated entities. SoCalGas' Emergency Motion for a Protective Order Staying all Pending and Future Data Requests from California Public Office of Advocates is asking the Commission to act contrary to California law both in substance and form. No further consideration of SoCalGas' motion is warranted.

However considering such extraordinary times, I ask the parties to work together to find a schedule that is mutually agreeable and accommodates the additional demands resulting from the COVID-19 shelter-in-place directive.

Thank you.
